Overview:

In 2025, Conference Theme will focus on “*Next-Gen Procurement and Supply Chain*” (Innovation, Sustainability, and Resilience for the Future)” reflecting the critical need to integrate cutting-edge digital solutions including AI with sustainable practices. As global challenges like climate change, resource scarcity, and social responsibility continue to evolve, it's imperative for organizations to adapt and thrive in this new landscape. Participants will have the chance to hear from industry thought leaders, share best practices, and collaborate on innovative solutions to common challenges. This Agenda has been designed to offer a good balance of interactive discussions, practical insights and networking opportunities.

Conference: Key Topics

-  **The Future of Procurement and Supply Chain**
-  **AI and Other Innovations in Procurement**
-  **Implementing ISO 20400 for Sustainable Procurement**
-  **Building Resilient Supply Chains**
-  **Talent Development for Next-Gen Procurement**
-  **Panel Discussions and Case Studies**
